Raptor Balksko

Insida

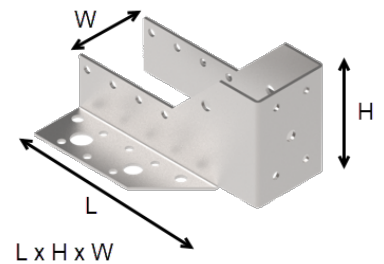

Utsida

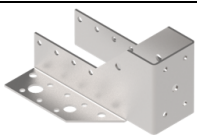

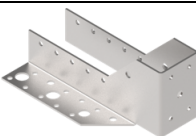

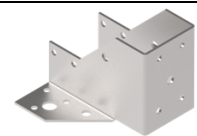

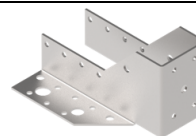

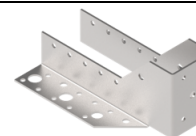

Användningsområde för balksko: kan användas vid sammansättning av olika fästen och strukturer av trä/trä och trä/sten. Inre balksko kan användas vid montering av tak- och golvbjälkar, balk- och stolpsammanfogning, tvärbalkssammansättning osv. Jämfört med det yttre balkskoet kräver det inre balkskoet mindre utrymme för installation.
